Application Form Page 2

Do you think your students have access to the Internet when they are off campus?

most do     some do     a few do

Do students use computers in your science courses?     Yes     No

Please give an example of student computer use that you think is helpful to their learning.

Choose an area that interests you within introductory biology and describe something creative you have done with this in your teaching.

Applications will be processed in the order received up to a registration deadline of April 15, 2002. Responses will be mailed by April 30, 2002.  
Please plan to arrive by Wednesday night, May 29th.
